ACKNOWLEDGE IT

Barre Has to Bow to the Inevitable Scores of Citizens Prove It.

After reading the public statement of this representative citizen of Barre given below, you must come to this conclusion: A remedy which cured years ago, which has kept the kidneys in good health since, can be relied upon to perform the same work in other cases. Read this: Mrs. N. M. Nelson, 15 West street, Barre, Vt., says: "I hold the same high opinion of Doan's Kidney Pills to-day as when I publicly recommended them over eleven years ago. At that time I was suffering from kidney trouble, which had been brought on by an attack of la grippe. I steadily grew worse, and the slightest housework tired me. If I went on my feet for an hour or so sharp pains across my back compelled me to sit down. Then other symptoms of kidney complaint appeared and I was really in a bad way. I spent over one hundred dollars for doctors' prescriptions and medicines of various kinds, but as I found no relief, I became discouraged. One day my husband brought home a box of Doan's Kidney Pills from Brown's drug store and told me to try them. A few doses brought the best of results, and I continued taking the remedy until entirely relieved. My children have also used this preparation with splendid results, and in view of these experiences, I advise other kidney sufferers to give it a trial."

Rev. F. E. Currier filled his accustomed place last Sunday, much to the satisfaction of his people. He was assisted in the services by the district superintendent, Rev. F. Lewis of St. Johnsbury.

The people of this town expressed much regret when it became known that B. W. Davis, the efficient clerk in Short's store, had accepted a position in Montpelier. But, to the great satisfaction of everyone, Mr. Davis has made up his mind to remain here, instead.

By an error somewhere, the May ball, that is advertised to take place in the new K. of P. building next Monday evening, is understood by some to be the much talked of dedication of the block. The building committee and trustees wish to correct this, as a formal dedication will occur sometime in the near future, when everything is ready for so important an event. However, everyone is cordially invited to the ball, and much work and care has been put forth to make the entertainment a success. Music will be furnished by Riley's orchestra of Barre.

Tortures of Piles
It is Unnecessary to Suffer This Terrible Trouble.

Keen torture is the everyday lot of the sufferer from piles. And yet that suffering is needless. Burt H. Wells, Barre, Vt., will sell you Hem-Roid and later return your money if it fails.

We have sold Hem-Roid that way for two or three years and refund asked for have been less than three per cent. We therefore recommend it with confidence.

Hem-Roid is an internal remedy, the prescription of Dr. J. S. Leonard, \$1.00 for large bottle. Dr. Leonard Co., Station B, Buffalo, N. Y. Write for booklet.

WILLIAMSTOWN.

Capt. A. S. Cowles will open the Gulf house to the public next week.

Mrs. Carroll Dutton has lately been called to Canada by the illness of a sister.

Millon Staples, a brother of the late Charles C. Staples, is here from Corinth on a short visit.

Mrs. L. B. Rowell, milliner, has just been receiving new goods and expects more the last of this week.

The abundant rain in the last day or two has been exceedingly welcome, for the ground has seemed very dry.

Our town clerk and treasurer, Henry S. Baker, is the treasurer of the Williamstown Progressive association.

A committee of ladies is busy selecting books to the amount of some \$30 worth, to add to the circulating free library.

The patrons of the Beckett Water Supply company are hereby requested to pay their water rent, which becomes due May 1 next.

We are asked to call attention to the second annual concert and ball of the grange, to be given at the hall Monday evening, May 2.

Mrs. Gordon Martin has just returned from a pleasant visit of a few days with the family of Rev. E. Hanson, Currier of West, Enosburg.

John Nixey of West Topsham was here Wednesday to take a load of household goods for A. S. Cowles to the Fellows farm in that town.

Horace E. White, who is in his 91st year of age, attended the Lathrop auction Wednesday. He tells us that his wife's health seems to be improving.

Elwin Prescott of Barre was called here the first of the week by the death of his cousin, Elbert G. Jackson, and remained a short time with family friends.

Berhan & Hamblin, of Fairlee and East Montpelier, are paying 25 cents per bushel for potatoes for shipment. They have sent out three carloads from here.

L. F. Bailey of Hardwick came up here Tuesday afternoon from Barre City in twelve minutes on a motorcycle. The machine is "The Indian," made in Springfield, Mass.

There are 22 pupils enrolled as members of our high school department, and it is hoped that 10 or more will graduate this summer and as many more in the summer of next year.

The forwardness of the season here and the fine growth of grass in the field is a matter of continued comment. But if we can only laugh a few or more weeks later, that will be good.

All members of the Rebekah lodge are requested to attend the meeting this (Thursday) evening, as there is to be practice work. Candidates will be taken in at the next regular meeting in May.

The vice president of the new Williamstown Progressive association is W. B. Jones, the superintendent of the Greason-Beckett Granite company's plant here, and a good selection, we judge.

Herbert, son of Newell R. Farham, Joe Daley, Dennis J. Carlin and Glenn Morgan of Jonesville, a brother of Station Agent L. O. Morgan, are employed on our highways by Road Commissioner O. A. Blanchard.

There will be a meeting of the Village Improvement society at the usual place Friday evening of this week, and it is asked that members be present at an early hour—7 o'clock—for a special session in this case.

Miss Ruby, daughter of Mr. and Mrs. Frank Jeffords, was surprised by school friends last week Friday, it being her fifteenth birthday. She was presented a gold locket at the time, we think. Miss Ruby has many friends.

Next to the pleasure of owning an automobile, we would put the pleasure of hearing farmer Albert H. Norris tell of the possibilities attending an ownership of one. We suspect the mantle of the late Artemus Ward has been found at last.

At this hour of Wednesday afternoon, we are not at all sorry to report the result of the sales of a morning ride today. But we have been told that the family residence and sundry other real estate were struck off to Frank Lathrop, son of the late Judge Lathrop.

From the best we can learn, we judge that it is allowable to hope that in the not distant future our Village Improvement society ladies will offer our citizens as their last entertainment of this season a very enjoyable one by a Norwegian artistic club.

Mrs. Ada Martin, widow of the late Henry Lasell, keeps a team and has the pleasure of a morning ride today. In the week, if she desires, in transporting her daughter, Miss Marion, to her school in the David Gate district. This is the third time that Mrs. Lasell has had this pleasure.

Melvin E. son of the late Elisha K. Burdham, has had as a recent guest a son of the late Winslow Avery, living in Boston. The mother of the young man, Alfred Avery, was a daughter of the late David Burdham, and the family formerly lived in Plymouth, Mass., where Winslow Avery published a weekly newspaper.

One of our village families that is well housed has lately begun sleeping at night in a tent for the summer season, and already is finding some relief from catarrhal troubles, to say nothing of other physical benefit. This is not the first season that this family has resorted to such tent life, and with good reason.

We are told that Jerry M. Hutchinson is about to put out eight or ten thousand strawberry plants on an acre of land near his village house. The first installment of these plants, of which we wrote Tuesday, is said to have numbered two thousand.

His past success with fruit, large and small, would justify of itself in predicting success now for Mr. Hutchinson in this venture.

Angus McLeod's family is about to leave the Gidney house in our village—many years ago the home of Oliver S. Walker and a good portion of his late father's family. Mrs. McLeod will go to Montreal, P. Q., later, to be there when Mr. McLeod shall have to submit to what would seem a critical operation on an eye. This is expected to be about the middle of May.

Following the custom of some progressive promoters we have heard of, possibly the Williamstown Progressive association may be glad to have suggestions from our citizens as to any practical new industries for the place. We certainly have productive soil, for sug-

pliers for canneries, and there is our Fred Webster in the business over in Adams, N. Y., with his Williamstown wife. Who knows but they could be enticed back here? And then, Williamstown doesn't begin to have its share of the granite-cutting business. The only drawback perhaps to this suggesting business, so far as our citizens are concerned, may be that the W. P. A. will have a way of suggesting, too, that Williamstown will have to shell out its shekels to some extent, if it wants to progress.

W. E. Randall is preparing to put up a poultry house on the spot where for so many years has stood the office of the late Dr. Abner Waldo, one of the earliest physicians of our town. There are yet old Williamstownians living who, we think, have some very pleasant memories of the old office, after it came to be a part of the scene of the cheery home-life of the well-remembered genial "Widow Waldo" and her equally genial daughter, Miss Corbelle. Do not these changes remind of what Byron wrote of a skull? "Look on its broken arch, its ruined wall, Its chambers desolate, its portals fount, Yes, this was once ambition's airy hall. The dome of thought, the palace of the soul."

SLEEPLESS NIGHTS

Kemp's Balsam will cure coughs if any medicine will, and will relieve the irritation in the throat. For all throat and lung troubles, take Kemp's Balsam. Druggists sell it at 25c and 50c a bottle.

Saved from the Grave.
"I had almost given up hope, after nearly four years of suffering from a severe lung trouble," writes Mrs. M. L. Dix of Clarksville, Tenn. "Often the pain in my chest would be almost unbearable, and I could not do any work, but Dr. King's New Discovery has made me feel like a new person. It's the best medicine made for the throat and lungs." Obsolete coughs, stubborn colds, hay fever, grippe, asthma, croup, bronchitis and hemorrhages, hoarseness and whooping cough yield quickly to this wonderful medicine. Try it. Do not take \$1.00 Trial bottles free. Guaranteed by the Red Cross Pharmacy.

E. H. Adams has recently purchased of John Pearl the farm just over the line in Vershire, known as the Truman Johnson farm. It is inspiring to note that business men in all sections of the country appreciate the fact that real estate, which has been on a steady decline in value since the close of the Civil war, until within a few years, has now struck the corresponding incline, and are investing their money in farms and holding them for the advance, which is sure, instead of leaving their money in banking institutions or sending it west for investment. The advance in real estate is sure to turn the tide of immigration toward New England and repopulate our vacant farms.

This is another link in the long chain of evidence to prove the reliability of this standard medicine for women.
